1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

***Allowable Subject Matter***

4. Claims 10 and 15-19 are allowed over prior art of record.

***Reasons for Allowance***

5. The following is an examiner's statement of reasons for allowance:

The prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "a source/drain region formed on each side of the select gate in the substrate, wherein the source/drain and the floating gate are separated from each other by a distance," as recited in claim 10.

Claims 1-19 are also allowed as being dependent of the allowed independent base claim.

***Conclusion***

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
